

Spot UMAP — Cell Type

UMAP2

UMAP1

- | | | |
|--|--|-------------------------------------|
| ● B cell | ● endothelial cell of lymphatic vessel | ● non-classical monocyte |
| ● CD1c-positive myeloid dendritic cell | ● epithelial cell of lung | ● pericyte |
| ● CD4-positive, alpha-beta T cell | ● fibroblast of lung | ● plasma cell |
| ● CD8-positive, alpha-beta T cell | ● macrophage | ● plasmacytoid dendritic cell |
| ● alveolar macrophage | ● malignant cell | ● pulmonary alveolar type 1 cell |
| ● bronchus fibroblast of lung | ● mast cell | ● pulmonary alveolar type 2 cell |
| ● capillary endothelial cell | ● mesothelial cell | ● pulmonary artery endothelial cell |
| ● classical monocyte | ● multiciliated epithelial cell | ● regulatory T cell |
| ● club cell | ● myeloid cell | ● smooth muscle cell |
| ● conventional dendritic cell | ● natural killer cell | ● stromal cell |
| ● dendritic cell | ● neutrophil | ● vein endothelial cell |
